Part No.	Product No.	Description
4819	HT-2008R	Data Plug Crimp Tool Kit For 8P8C,6P6C,6P4C,4P4C,4P2C,6P6C DEC

- Straight motion and precise crimping
- Cuts, strips, and crimps all kinds of modular plugs without changing modular (Die) set
- More in one for crimping solid & stranded wire work with all standard plugs: AMP, SS, AT&T, licence.....etc.
- Tool HT-200/200R design with 10 position punch. For crimping 8P8C plug, please use the AMP 8P8C plug with 2 cavities on each side as shown in fig1
- For stripping there is a length guide at the inside of 6mm area, Insert 4P or 6P conductor wire up to the length guide (GUIDE BY ZINC PLATING) then press handles and pull wire to get right stripping, As 12mm is decided by cutting blade insert 8P or 10P conductor wire over cutting blade, so that the tool cuts and strips wire at the same time
