

## Dual In Line Heat Sink

Detailed product specifications are available on: [us.100y.com.tw](http://us.100y.com.tw)

Part No.	Product No.	Description	Size
16961	BK-003-20mm	Dual In Line Heat Sink	20*22*15mm
16962	BK-004-19mm	Dual In Line Heat Sink	19*29*15mm

Part No.	Product No.	Manufacturer	Description
19963	HS01	APEX	Heatsink
19964	HS02	APEX	Heatsink
19968	HS09	APEX	Heatsink
19996	HS22	APEX	Heatsink
19997	HS23	APEX	Heatsink
19998	HS24	APEX	Heatsink
20000	HS27	APEX	Heatsink
20001	HS28	APEX	Heatsink

Part No.	Product No.	Description	Size
1757	U-22	Dual In Line Heat Sink	20H*19W*10Dmm
2204	Dual In Line Heat Sink -B	CPU Dual In Line Heat Sink+SEKISUI #5760 Adhesive	35*35*6mm
2206	Dual In Line Heat Sink -D	CPU Dual In Line Heat Sink+SEKISUI #5760 Adhesive	30*30*6mm

## Heat Sink Compound

Detailed product specifications are available on: [us.100y.com.tw](http://us.100y.com.tw)

### FEATURES

- Grease-like consistency
- Silver color
- Low bleed
- Very stable at elevated temperatures
- Excellent thermal resistance and high thermal conductivity
- Efficient thermal coupler
- Efficient and positive heat sink sealers and heat transfer agent

Part No.	Product No.	Description	Capacity
33590	A7c152N	Heatsink Compound	3.5g
33593	F7c038N	Heatsink Compound	2g
33594	L7c039N	Heatsink Compound	2g

- Insulated, heat dissipation
- Package: 10gr, 1kg, 3kg, 15kg

Part No.	Product No.	Description	Capacity
3731	HTC-CPU	Heatsink Compound	10g

### FEATURES

- Excellent non-creep characteristics
- Wide operating temperature range with low evaporation weight loss
- Excellent thermal conductivity even at high temperature
- Easy to handle, economic in use and low in toxicity

### APPLICATION

Apply to the base and mounting studs of diodes, transistors, thyristors, heat sinks, silicone rectifiers and semi-conductors, thermostats power resistors and radiators

Part No.	Product No.	Description	Capacity
2264	HTS-30g	Heatsink Compound	30gr/Stick
2620	HTS-70g	Heatsink Compound	70gr/Bottle

- Thermal conductivity: 0.9W/MK
- Extend voltage: 42KV/mm

Part No.	Product No.	Description	Capacity
20019	HTS1.5G	Heatsink Compound	1.5g
