

# Inspection & Measurement

## Electronic Counting Balances Weighing Balances

Detailed product specifications are available on: [us.100y.com.tw](http://us.100y.com.tw)

### Features

- Vacuum Fluorescent Display
- 1/6,000 display resolution
- 1/30,000 internal counting resolution
- AC operated
- Beeper alarm for checking function
- Unit Weight re-computing helps to get more accuracy
- Insufficient Unit Weight Indication

### Specifications

Display : Vacuum Fluorescent Display, 9.5 mm(H)×4mm(W)  
 Weight-5 digits, Unit Weight-5digits, Total Count-5 digits  
 Pan size :  $\varnothing$  150mm  
 Power : 110, 120, 220, 240 VAC +/- 10%, 50/60Hz  
 Max. humidity : 85% Relative humidity, non-condensing  
 Operating temperature : 0°C ~40°C (32°F ~ 104°F)

Part No.	Product No.	Manufacturer	Description
14719	GC-1200	JADEVER	Counting Scale (Chinese)

## Weight

Detailed product specifications are available on: [us.100y.com.tw](http://us.100y.com.tw)

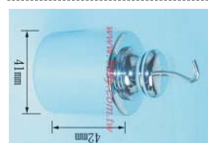

Part No.	Product No.	Description	Weight
20081	10G	Copper Weights	10g
20091	15G	Copper Weights	15g
20078	1G	Copper Weights	1g
20082	20G	Copper Weights	20g
20079	2G	Copper Weights	2g
20076	500mg	Copper Weights	500mg
20080	5G	Copper Weights	5g
20077	800mg	Copper Weights	800mg

Part No.	Product No.	Description	Weight
45026	AF2-1mg	Wolf laboratories	1mg

Part No.	Product No.	Description	Weight
29870	F-100G	Copper Weights	100G
39428	F2-100mg	Copper Weights	100mg
39425	F2-10mg	Copper Weights	10mg
39492	F2-1mg	Copper Weights	1mg
39429	F2-200mg	Copper Weights	200mg
39426	F2-20mg	Copper Weights	20mg
39493	F2-2mg	Copper Weights	2mg
14558	F2-300G	Copper Weights	300G

Part No.	Product No.	Description	Weight
15063	F2-500G	Copper Weights	500G

Part No.	Product No.	Description	Weight
39430	F2-500mg	Copper Weights	500mg
39427	F2-50mg	Copper Weights	50mg
39424	F2-5mg	Copper Weights	5mg

## Bore Gages Bore Gages

Detailed product specifications are available on: [us.100y.com.tw](http://us.100y.com.tw)

### FEATURES

- The minimum value holding function provides the easy of detection of hole diameter.
- An analog bar indicator is integrated to enhance the intuition in reading.
- GO/±NG judgment is performed by setting the upper and lower tolerances.
- Up to three sets of master value and upper/lower tolerance value can be memorized.

Part No.	Product No.	Manufacturer	Description	Range(mm)
48129	511-126	Mitutoyo	DMITUTOYO_Bore Gage	18-35mm
48130	511-127	Mitutoyo	DMITUTOYO_Bore Gage	35-60mm
