

Power Tools & Drill Bits & Abrasives

PROXXON Power Drills

Detailed product specifications are available on: us.100y.com.tw

Easily clamps to workbenches and tables of up to 60mm. Alternatively, use 2 standard screws to secure to the work surface. Zinc die-casting with ball and socket: rotates in all directions (even downwards). 75mm jaws with protective covers (for delicate workpieces). Jaws also with vertical and horizontal V-slots for clamping round workpieces. Maximum clamping width 70mm and weight 1.6kg.

Part No.	Product No.	Manufacturer	Description	Weight
47187	28608	PROXXON	PROXXON_Precision vise FMZ	1.6KG

Frees one's hands for easy operation. For all machines with a Euro plug, class 2 insulation and maximum of 500W. Ideal for both portable and stationary machines. Housing of fibreglass reinforced NYLON. The connecting cord is 250cm in length and the output cord 50cm. The transformer is connected to the FS when using 12V machines.

Diamond twist drills

With natural diamond dust for drilling precious stones (pearls, coral, turquoise). Shafts 2.35mm.

Part No.	Product No.	Manufacturer	Description	Using for
46762	28255	PROXXON	Diamond twist drills	With natural diamond dust for drilling precious stones

For drilling, milling and cutting fibre glass or PERTINAX circuit boards. Also for drilling pearls, etc. Shaft 2.35mm.

Part No.	Product No.	Manufacturer	Description	Using for
45496	28320	PROXXON	PROXXON_Tungsten carbide milling drills (Spear drill)	For drilling, milling and cutting fibre glass or PERTINAX circuit boards.
46760	28321	PROXXON	Tungsten carbide milling drills (Spear drill)	For drilling, milling and cutting fibre glass or PERTINAX circuit boards.

Hard microdrills

Made of tungsten for optimum lifetime. For drilling glass, semi-precious stones, porcelain, ceramics, marble and other hard stones. With ideal cutting angle of 6°. Shaft of 3mm.

Part No.	Product No.	Manufacturer	Description	Using for
46748	28324	PROXXON	Hard microdrills	For drilling glass, semi-precious stones, porcelain, ceramics, marble and other hard stones.
46749	28326	PROXXON	Hard microdrills	For drilling glass, semi-precious stones, porcelain, ceramics, marble and other hard stones.
45491	28328	PROXXON	PROXXON_Hard microdrills	For drilling glass, semi-precious stones, porcelain, ceramics, marble and other hard stones.

Universal holder UHZ

Easily clamps to workbenches and tables of up to 60mm. Alternatively, use 2 standard screws to secure to the work surface. Zinc die-casting with ball and socket: rotates in all directions (even downwards). Other details as for the UHV.

Part No.	Product No.	Manufacturer	Description
47202	28610	PROXXON	PROXXON_Universal holder UHZ

Tungsten vanadium drill bits

Purpose-made, selected, tungsten vanadium steel with high concentricity. Manufactured from a one-piece blank. High hardness for optimum life expectancy. For drilling metal, non-ferrous metals, plastic, PC cards and wood. Work speeds: hard materials approx. 3,000rpm, soft materials approx. 8,000rpm. All shanks 2.35mm.

Part No.	Product No.	Manufacturer	Description	Using for
39629	28852	PROXXON	PROXXON_Tungsten vanadium drill bits	For drilling metal, non-ferrous metals, plastic, PC cards and wood.
46718	28854	PROXXON	PROXXON_Tungsten vanadium drill bits	For drilling metal, non-ferrous metals, plastic, PC cards and wood.
