

New Products

Other Type New Products

Detailed product specifications are available on: us.100y.com.tw

Features and Benefits

- Chopper stabilized amplifier stage
- Optimized for brushless DC motor applications
- Miniature high reliability package
- Operation down to 3.5V
- CMOS for optimum stability, quality and cost
- Low power consumption

Part No.	Product No.	Manufacturer	Description	Other #2	Other #3
37935	US1881KUA	Melexis	CMOS Multi-Purpose Latch	TO-92	-40° C ~125° C
48674	US1881LUA	Melexis	CMOS Multi-Purpose Latch	TO-92	-40° C ~150° C

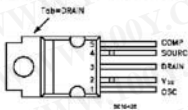

Part No.	Product No.
48505	V53C256P10LQ

Part No.	Product No.	Manufacturer
33184	VIPA1393	ST(SGS)

PENTAWATT HV (022Y)

FEATURE

- Adjustables witching frequency up to 200KHZ
- Current mode control
- Soft start and shut down control
- Auto matic burst mode operation in stand-by conditionable to meet "blue angel"norm(<1W total power consumption)
- Internally trimmed zener reference
- Undervoltage lock-out with hysteresis
- Integrated start-up supply
- Avalanche rugged
- Overtemperature protection
- Low stand-by current
- Adjustable current limitation

Part No.	Product No.	Manufacturer	Description
31768	VIPER20A	ST(SGS)	SMPS PRIMARY I.C.

The VoltBeeper is an automatic non-contact voltage detector with optical and acoustical signal. When approaching an AC voltage, the LED in het partly transparent tip of the test tool will illuminate bright red, at the same time a beeping signal is given. This is very convenient for detection under bright (e.g. sunny) circumstances or hidden locations. The range of 100 - 1000 V AC makes the VoltBeeper universal applicable. As the acoustic signal is approx. 65 dB, the tester can also be used in industrial surroundings.

Specifications

Voltage range	50...600 V AC
Power supply	2x AAA, 1.5V LR03 Battery
IP-Protection	IP40
Overtoltage category	CAT III/600V
Standard	EN 61010-1
Dimensions	140 x 25 mm.
Weight	approx. 40 gram (incl. battery)
Art.no.	626 000 439
Including	manual and batteries

Part No.	Product No.	Description
47506	VoltBeeper	Voltage detector

Specifications

Voltage range	100 - 1000 V AC	Dropproof	1 meter
Frequency	45 - 65 Hz	Dimensions	128 x 21 mm.
Power supply	2x AAA, 1.5V battery	Weight	approx. 60 gram
Overtoltage category	IP 64	Art.no.	626 000 663
Overtoltage category	CAT III/1000V - CAT IV/600V	Including	Manual and batteries
Standard	EN 61010-1
